# FY2025 Q3 Results - Change in Operating Income (YoY)

While SG&A expenses increased due to aggressive growth investments in mainland China and the impact of U.S. tariffs, this was more than offset by a higher gross profit from strong sales, resulting in an operating income increase of ¥1.55 billion YoY.

## Japan Business

### Increased sales and profit due to strong sales of Baby Care and price revision in June

- Baby care ended at +7% YoY. Sales through our own e-commerce platform continued to surge by over 70% YoY.
- Sales of nursing bottles/nipples increased YoY. Baby skincare returned to positive YoY growth, driven in part by contributions from the full-scale launch of "Baby Milk Lotion with Vaseline".
- Although the "SHUPOT" (electric nasal aspirator) and "Misty" (portable inhaler) experienced temporary sales opportunity losses due to the impact of the free distribution of improved parts and a voluntary recall, baby care appliances category as a whole continued its strong YoY performance.
- The sales of new drinking bottle "magemag Seicho-Jikkan" is expanding leveraging the brand power of "Bonyu-Jikkan", a No.1 share bottles/nipples brand in Japanese market\*1.
- Gross margin for Baby care improved by 2.3pt YoY, driven by factors such as price revision and increased factory operations.

#### New areas: Babycare appliances

A new slim type launched in August of POCHIto (a steam disinfectant and dryer for nursing bottles)

#### Strengthening existing areas

Capturing changes in lifestyles and in existing areas  
diverse new products introduced throughout the year

## China business

**Achieved growth in sales and profit (double-digit in sales), driven by strong sales of nursing bottles/nipple and baby skincare, as well as a rebound from the third quarter (July-September period) of the previous year**

- Accumulated sales in mainland China ended at +10% YoY.
- Sales of nursing bottles/nipples increased +12% YoY continuing strong performance.
- Baby skincare grew by +25% YoY driven by strong sales of the “Momo-no-ha (Peach leaves) Series.”

We prepared sales structure for new “Vernix Skincare Series” targeting the Double Eleven e-commerce event in mainland China.

- Sell-out grew by +9% YoY, EC continued to perform well with +11% YoY, offline sales increased +3% YoY. Current EC sales ratio was 79%.
- Strong sales of Pigeon brand nursing bottles/nipples continued in the North American market, with sales increasing by +139% YoY.
- Gross margin of the China business (in JPY) declined 1.4pt YoY, primarily due to changes in the sales mix.

### Strengthening existing areas

Launch of new bottles/nipples, baby skincare products

### New area: Age-Up products

Expanding lineup of drinking bottles

### Brand: Communication

Introduced new baby skincare products developed using a "3D Baby Skin Model" at the CBME exhibition

## Singapore Business

### The Shift toward wide-neck bottles progressed mainly in major countries, leading to increased sales and profit

- Accumulated sell-in in India grew by +4%, Indonesia +5%, Malaysia +1% and Middle East was -7% YoY.
- Accumulated sell-out increased YoY in India, the Middle East, Australia, and Vietnam. Indonesia was on a recovery path.
- In nursing bottles/nipples, the sales ratio of wide-neck bottles increased YoY, driven by the brand renewal effect of the "SofTouch™" series. Completed distribution to key channels in Australia, securing the No. 1 market share by value for the first time\*2.
- In the Natural Botanical skincare business, sales of "Diaper Rash Cream," a new product introduced in the previous year, continued strong performance. In Malaysia, strong initial shipments of new Halal skincare product, "Milky Baby," led to growth for the entire skincare category.
- Gross margin (in JPY) of Singapore Business improved by 2.7pt YoY, due to sales growth of factories and growth in sales of nursing bottles and nipples.

#### Strengthening core products: Wide-neck bottles

The brand renewal for the SofTouch™ series progressed well in major countries, delivering a positive impact

#### New product

Drinking bottle "Star Touch™"

#### Strengthening Core Products: Skincare

Increased exposure of Natural Botanical skincare series

## Lansinoh Business

**Breast pumps faced challenges in North America but performed well in Europe. Strong sales of nursing bottles and nipples also contributed to increased sales and profit**

- Accumulated sales of Lansinoh Group ended at + 4% YoY.
- Accumulated sales in North America were flat YoY. Strong sales of core products such as nipple care cream and breast pads, while breast pumps struggled due to the fading impact of new products in the DME channel.
- In Europe, sales growth was driven by breast pumps (Wearable Pump).
- Sales of postpartum and recovery care increased YoY, maintaining strong growth led by Germany and the Benelux region.
- Sales of nursing bottles/nipples in the Lansinoh Group grew by over 40% YoY, showing strong growth primarily in North America.
- Gross Margin (JPY) improved by 1.4pt YoY, despite the impact of U.S. tariffs on raw material costs, due to factors such as a decrease in ocean freight costs.

### New area: Age-Up products

Launch of new drinking bottles collaborated with b.box
