Updated: Announcement of Consolidated Financial Results for the First Quarter of the Year Ending December 31, 2020

This announcement is the update of the "Postponement Announcement: Consolidated Financial Results for the First Quarter of the Year Ending December 31, 2020" which we made on April 28.
We would like to inform you of the date of the announcement of consolidated financial results (Q1/2020) and the latest operating status of our group offices and factories under the global outbreak of COVID-19.

1. Date and time of announcement of financial results

Our consolidated financial results (Q1/2020) will be announced on Thursday, June 4, 2020 at 15:00 JST

2. Latest operating status of our group offices and factories (As of May 13, 2020)

While our priority is the health and safety of our employees and their families, we have been making every effort to prevent the infection and the spread of COVID-19 with minimizing the inconvenience to our customers and business partners as much as possible. Also, all our domestic and overseas offices/factories are properly responding to requests and guidance from national and local governments.

[About Factories]

・Factories in Japan are operating as usual under the safety measures to prevent COVID-19 infection at work.
・Factories in China, Thailand, and Indonesia have been operating as usual in line with the guidance of the governments of each country under the safety measures to prevent COVID-19 infection at work.

(Continued on page 2)

・Our Turkey factory is currently operating at approximately 50% of its normal. We will soon begin a phased transition to normal operation in line with the guidelines of local governments.
・Although our factory in India had been shut down due to lockdown by the central government, we are now working on necessary measures to resume operations in line with the guidance of the state governments.

[Sales offices].
・In Japan, following the declaration of a state of emergency, our head office building in Tokyo and all sales offices across the country are temporarily closed. All employees are now working from home except for work that is essential from the perspective of business continuity.
・China office is opened as normal.
・Other sales offices in Europe, U.S. and Asia take safety measures according to the local government. All employees are now basically working from home and minimizing people work at the office. As local regulations change, working safely from offices will be explored and resumed in line with government guidance on safe practices.

3. Impact of the global outbreak of COVID-19 on our business

We are still investigating the impact of the global outbreak of COVID-19 on our businesps results for the fiscal year ending December 31, 2020. In case we conclude our full-year earnings forecast for this fiscal year has to be revised, we will immediately make an official announcement.

We apologize for the inconvenience for the delay but appreciate your understanding.

End.
